Senior Program Manager

DirectViz Solutions, LLC, a high-level strategic consulting services firm that meets mission needs for commercial and government clients, is seeking a Senior Program Manager. This position will be located at Ft. Belvoir, Va. and requires an active TS/SCI clearance.

Program Manager:

Act as a single primary interface for the Government and provide fully qualified staff and other support personnel as required to ensure timely, qualitative and economically efficient completion of assigned tasks. Provide cost estimates for technical services, material procurement, and management as defined by the Government and use approved Government/Commercial specifications and standards in the accomplishment of tasks as required.

Collaborate with the Government COR to develop and maintain the Program Management Plan which includes a detailed work plan to include specific tasks, assignments, milestones and schedules. Prepare all monthly contract related deliverables.

Responsibilities:

Manage all aspects of program delivery to include COR and government coordination, QA of all deliverables, and oversight of all Project Managers and tasks areas; provide and oversee the execution of the core competencies and frameworks (PMBOK, ITIL, IEDOM, CSI, etc.); and assist with executing PWS 5.2 tasks as required.

Qualifications:

TS/SCI Clearance

- BS or equivalent
- Security+
- PMP Certified
- 12-15 years of experience
