

Naval Information Warfare Center (NIWC) Pacific provides technological and engineering support critical to information warfare for the U.S. Navy, as well as for Marine Corps, Air Force, Army and Coast Guard programs. The Navy awarded NIWC-Pacific Information Technology Management (ITM) Multiple Award Contract for professional and technical services to support its physical and logical infrastructure of the Research, Development, Testing, and Evaluation (RDT&E) network and associated Information Technology (IT) services. The five (5)-year, \$87 Million ceiling contract supports the 130+ Research & Development labs associated with NIWC Pacific.
